

# COMPLETE SHIPPING SOLUTIONS

**JAMPUR GROUP**

# Shipping started it all

30 years ago, Jampur acquired its first vessel. Today, Jampur is a full service ship owner and manager with a fleet of Tankers, LPG Carriers, Cargo Ships, Offshore Supply and Towing vessels. We operate around the globe and offer a full range of comprehensive shipping solutions and services.

## Complete Shipping Solutions

Beside being ship owner and operator, Jampur offers a range of services such as:

- Ship management
- Technical Supervision
- Dry docking & Repairs
- Conversion preparation and supervision
- Repairs and reactivation
- Procurement and Logistics

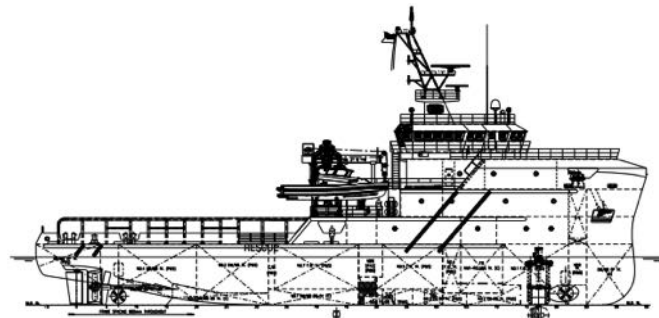

## Ship Management

Jampur provides technical and management services for all types of ships, ensuring that the vessels meet or exceed the standards set by the customer, classification societies, flag authorities and Jampur itself.

All of the key functions in Ship Management —safety and marine services, crewing, risk and insurance, and technical work in unison toward this goal.

We manage ships throughout their operational life, dry-docking, modernisation and ultimately, recycling.

This approach allows us to achieve standards of operation, maintenance and repair to industry averages.

## Technical Management Services

We manage all technical aspects of keeping vessels operational while safe guarding the economical side too:

- Technical supervision
- Vessel inspection and reports
- Vessel performance monitoring
- Dry docking and major repairs
- Purchasing inventory control
- Budgetary financial controls
- Planned maintenance systems
- Any other technical assistance that a ship owner may require

## Chartering

Our Chartering department provides global commercial management services for the entire fleet of Jampur vessels and vessels under management.

They are available 24/7 through our worldwide network of offices.

Our Ship Operations team works closely with Chartering teams to ensure that each voyage is meticulously organised down to the last detail.

If you are looking for a single voyage solution or long term contract with multiple vessels, we are able to provide a solution within your budget.

## Floating Storage

Floating storage (FSRU) is an efficient and fast solution to increase capacity.

We have specialised vessels and barges that can store any product such as Bitumen, Crude, LPG and refined petroleum products.

Our crews and vessels are certified in safe and efficient Ship to Ship transfers.

Solutions we provide include:

- Storage at offshore Oil and Gas fields
- 10,000 MT fuel and Bitumen barges
- Offshore LPG storage and transfer in smaller delivery ships
- Strategic storage of refined Petroleum products

## From our network of offices we cover every country in Africa and the rest of the world

We look forward to working with you so please contact us with any requirement you may have.
